

CITY OF INDUSTRY PUBLIC FACILITIES AUTHORITY

Chairman Mark D. Radecki
Vice Chair Cory C. Moss
Board Member Abraham N. Cruz
Board Member Roy Haber, III
Board Member Newell W. Ruggles

SPECIAL MEETING AGENDA
FEBRUARY 23, 2016 AT 9:00 A.M.*
(Immediately following the conclusion of the City Council Meeting)

Location: City Council Chamber, 15651 East Stafford Street, City of Industry, California 91744

Addressing the Authority:

- ▶ **Agenda Items:** *Members of the public may address the Authority on any matter listed on the Agenda. In order to conduct a timely meeting, there will be a three-minute time limit per person for any matter listed on the Agenda. Anyone wishing to speak to the Authority is asked to complete a Speaker's Card which can be found at the back of the room and at each podium. The completed card should be submitted to the City Clerk prior to the Agenda item being called and prior to the individual being heard by the Authority.*
- ▶ **Public Comments (Agenda Items Only):** *During public comments, if you wish to address the Authority during this Special Meeting, under Government Code Section 54954.3(a), you may only address the Authority concerning any item that has been described in the notice for the Special Meeting.*

Americans with Disabilities Act:

- ▶ *In compliance with the ADA, if you need special assistance to participate in any City meeting (including assisted listening devices), please contact the City Clerk's Office (626) 333-2211. Notification of at least 48 hours prior to the meeting will assist staff in assuring that reasonable arrangements can be made to provide accessibility to the meeting.*

Agendas and other writings:

- ▶ *In compliance with SB 343, staff reports and other public records permissible for disclosure related to open session agenda items are available at City Hall, 15625 East Stafford Street, Suite 100, City of Industry, California, at the office of the City Clerk during regular business hours, Monday through Friday 9:00 a.m. to 5:00 p.m. Any person with a question concerning any agenda item may call the City Clerk's Office at (626) 333-2211.*
-
-

1. Call to Order
2. Flag Salute
3. Roll Call
4. Public Comments

5. **BOARD MATTERS**

5.1 Consideration of Annual Audited Financial Statements for the Fiscal Year Ended June 30, 2015, and the Continuing Annual Disclosure Report

RECOMMENDED ACTION: Receive and file.

6. Adjournment.

INDUSTRY PUBLIC FACILITIES AUTHORITY

ITEM NO. 5.1

MEMORANDUM

To: Board of Directors

From: Finance Department

Date: February 18, 2016

Subject: Industry Public Facilities Authority Year Ended June 30, 2015 Annual Financial Reports (Draft)

RECOMMENDATION

Receive and file

Industry Public Facilities Authority (the “Authority”)

- 1) Annual Audited Financial Statements For The Year Ended June 30, 2015
- 2) Continuing Annual Disclosure Report

EXECUTIVE SUMMARY

The Authority’s independent auditors, The Pun Group, LLP, have completed their annual audit of the Authority’s financial statements for the year ended June 30, 2015. The financial statements received an unqualified (or clean) opinion.

DESCRIPTION OF REPORTS

The financial reports for the year ended June 30, 2015 are briefly described below:

Annual Financial Report

The annual financial statement is a comprehensive document reflecting the financial position of the Authority at June 30, 2015.

Continuing Annual Disclosure Report

This Continuing Annual Disclosure Report is filed pursuant to the Continuing Disclosure Certificates adopted by the Authority in connection with certain bonds issued by the Authority in accordance with Securities and Exchange Commission Rule 15c2-12.

Fiscal Impact

There is no fiscal impact as result of this action.

INDEPENDENT AUDITORS' REPORT

To the Board of Directors
of the City of Industry Public Facilities Authority
City of Industry, California

Report on Financial Statements

We have audited the accompanying financial statements of the governmental activities and the Debt Service Fund of the City of Industry Public Facilities Authority (the "PFA"), a component unit of the City of Industry, California (the "City") as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the PFA's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the Debt Service Fund of the PFA as of June 30, 2015, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Management has omitted Management's Discussion and Analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the PFA's basic financial statements. The Schedules of Long-Term Debt are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Schedules of Long-Term Debt are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated **NEED DATE**, on our consideration of the PFA's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the PFA's internal control over financial reporting and compliance.

Financial Statements**

DRAFT
2-18-2016

CITY OF INDUSTRY
PUBLIC FACILITIES AUTHORITY
(A COMPONENT UNIT OF CITY OF INDUSTRY)

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2015

1. Organization

PFA was created in 1990 by a joint exercise of power agreement and amended in 2005 between the City of Industry and the Industrial Urban Development Authority of the City of Industry (referred as the "IUDA"). The agreement was made pursuant to the provisions of Article 1 through 4, Chapter 5, Division 7, Title 1 of the Government Code of the State of California, Sections 6500, et seq.

PFA exists and acts as a separate entity. The governing board of PFA consists of a commission of five members; all members of the City of Industry City Council.

PFA was established for the purpose of establishing a vehicle to reduce local borrowing costs, and accelerate construction, repair and maintenance of needed public capital improvements. PFA was also established to borrow money for the purpose of financing the acquisition and construction of public capital improvements. PFA has the power to issue bonds, notes or other evidences of indebtedness, and to expend their proceeds.

2. Summary of significant accounting policies

Description of the reporting entity

The City of Industry Public Facilities Authority (the "PFA") is a component unit and an integral part of the City of Industry (the "City") and accordingly has also been included in the basic financial statements of the City issued as of June 30 of each year. Financial statements for PFA and the City may be obtained from the Finance Department located at 15625 East Stafford Street, City of Industry, California.

Basis of accounting and measurement focus

The component unit financial statements of PFA have been prepared in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) as applicable to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles.

Government-wide financial statements

The Government-wide financial statements include a Statement of Net Position and a Statement of Activities. These statements present summaries of governmental activities for PFA.

These statements are presented on an "economic resources" measurement focus and the accrual basis of accounting. Under the economic resources measurement focus, all economic resources including capital assets, infrastructure assets and long term liabilities are included in the accompanying Statement of Net Position.

Under the accrual basis of accounting, revenues are recognized in the period in which they are earned while expenses are recognized in the period in which the liability is incurred.

CITY OF INDUSTRY
PUBLIC FACILITIES AUTHORITY
(A COMPONENT UNIT OF CITY OF INDUSTRY)

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2015

2. Summary of significant accounting policies (continued)

Government-wide financial statements (continued)

Amounts paid to acquire capital assets are capitalized as assets in the government-wide financial statements, rather than reported as expenditures.

Proceeds of long-term debt are recorded as a liability in the government-wide financial statements, rather than as another financing source. Amounts paid to reduce long-term indebtedness of the reporting government are reported as a reduction of the related liability, rather than as expenditures.

Fund financial statements

The accounts of PFA are organized on the basis of funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for by providing a separate set of self-balancing accounts, which are comprised of each fund's assets, liabilities, fund equity, revenues and expenditures or expenses, as appropriate.

Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. Fund financial statements are presented after the government-wide financial statements.

Governmental funds

In the fund financial statements, governmental funds are presented using the modified-accrual basis of accounting. Their revenues are recognized when they become measurable and available as net current assets. Measurable means that the amounts can be estimated, or otherwise determined. Revenues are considered available if they are collected within 60 days after year-end. Expenditures are generally recognized when the related liability is incurred. Exceptions to this general rule include principal and interest on long-term debt which are recognized when due.

In the fund financial statements, governmental funds are presented using the current financial resources measurement focus. This means that only current assets and current liabilities are generally included on their balance sheets. The Statement of Revenues, Expenditures and Changes in Fund Balances present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets.

Amounts expended to acquire capital assets are recorded as expenditures in the year that resources were expended, rather than as fund assets. The proceeds of long-term debt are recorded as other financing sources rather than a fund liability. Amounts paid to reduce long-term indebtedness are reported as fund expenditures.

CITY OF INDUSTRY
PUBLIC FACILITIES AUTHORITY
(A COMPONENT UNIT OF CITY OF INDUSTRY)

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2015

2. Summary of significant accounting policies (continued)

Debt service fund

PFA's major fund type is the Debt Service Fund, which is used to account for the accumulation of resources for, and the payment of, general long-term debt, principal, interest, and related costs.

Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Management believes that the estimates utilized in preparing its financial statements are reasonable and prudent. Actual results could differ from these estimates.

Cash and investments

Investments in inactive public deposits, securities and short-term obligations are stated at cost or amortized cost, which approximates market. The carrying amounts of investments approximate their fair values based on current rates of interest for instruments with similar characteristics. Investments in municipal bonds are stated at amortized cost. Cash deposits are reported at their carrying amount, which reasonably estimates fair value. Short-term investments are reported at cost, which approximates fair value. Investments that exceed more than one year in maturity and are traded on a national exchange are valued at their quoted market price.

Certain investments owned by PFA are restricted for the use of debt service.

Bond issuance costs and premiums/discounts

Bond premiums and discounts in the government-wide financial statements are deferred and amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are recognized as an expense in the period incurred on the statement of changes in net position. In the governmental fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, at the time the bonds are issued. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Net Position

Net Position, the difference between assets, plus deferred outflows of resources, less liabilities and deferred inflows of resources, is classified as restricted and unrestricted. Restricted net position represents constraints of resources that are restricted by external creditors, grantors, contributors, laws or regulations of other governments. Unrestricted net position is amounts which do not meet the definition of restricted net position.

CITY OF INDUSTRY
PUBLIC FACILITIES AUTHORITY
(A COMPONENT UNIT OF CITY OF INDUSTRY)

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2015

2. Summary of significant accounting policies (continued)

Fund balance

In the governmental fund financial statements, fund balances are classified in the following categories:

Nonspendable – items that cannot be spent because they are not in spendable form or items that are legally or contractually required to be maintained intact.

Restricted – restricted fund balances are amounts with constraints placed on their use that are either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; (b) imposed by law by constitutional provisions or enabling legislation.

Assigned – assigned fund balances are amounts that are constrained by PFA's intent to be used for specific purposes. The intent can be established at either the highest level of decision making, or by a body or an official designated for that purpose. The Board of Directors is authorized for this purpose. PFA has no assigned fund balances at June 30, 2015.

Committed – committed fund balances encompass the portion of net fund resources, the use of which is constrained by limitations that PFA imposes upon itself at its highest level of decision making authority (the Board of Directors) through board resolution and that remain binding unless removed in the same manner.

Unassigned – this category represents fund balances that have not been assigned to other funds and that have not been restricted, committed, or assigned to specific purposes. PFA has no unassigned fund balances at June 30, 2015.

When both restricted and unrestricted resources are combined in a fund, expenses are considered to be paid first from restricted resources, and then from unrestricted resources and committed, assigned, or unassigned amounts are considered to have been spent when expenditure is incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

3. Cash and investments

Cash and investments as of June 30, 2015 consisted of the following:

	<u>AMOUNT</u>
Investment in IUDA bonds	\$ 79,660,000
Deposit for refunding	31,088,840
Investments with fiscal agent - restricted	<u>846,203</u>
Total cash and investments	<u>\$ 111,595,043</u>

CITY OF INDUSTRY
PUBLIC FACILITIES AUTHORITY
(A COMPONENT UNIT OF CITY OF INDUSTRY)

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2015

3. Cash and investments (continued)

Cash, restricted cash and investments with fiscal agent

Cash and investments with fiscal agents are restricted for future bond principal and interest payments. As of June 30, 2015 PFA's carrying value of these funds amounted to \$31,935,043.

Investments authorized by the Authority's investment policy

Under provision of PFA's Investment policy, and in accordance with Section 53601 and Section 53635 of the California Government Code, PFA may invest in the following types of investments:

Securities of the U.S. Government, or its agencies
Bankers Acceptance
Commercial paper rated A-1 by Standard & Poor's Corporation or Moody's Investor Service
Local Agency Investment Fund (State Pool) deposits
Repurchase agreements
Inactive public deposits; non-negotiable and/or non-transferable certificates of deposits
Savings accounts
Los Angeles County Investment Pool

PFA's Investment policy does not contain any specific provisions intended to limit PFA's exposure to interest rate risk, credit risk, and concentration risk other than those specified in the California Government Code.

Investments authorized by debt agreements

Investments of debt proceeds held by bond trustee are governed by provisions of the debt agreements rather than the general provisions of the California Government Code or PFA's investment policy. The table below identifies the investment types that are authorized for investments held by bond trustee. The table also identifies certain provisions of these debt agreements that address interest rate risk, credit risk, and concentration of credit risk.

CITY OF INDUSTRY
PUBLIC FACILITIES AUTHORITY
(A COMPONENT UNIT OF CITY OF INDUSTRY)

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2015

3. Cash and investments (continued)

Investments authorized by debt agreements (continued)

Authorized Investment Type	Maximum Maturity (in months)	Maximum Percentage Allowed	Maximum Investment in One Issuer
U.S. Treasury obligations	None	None	None
Federal agency securities	None	None	None
Money market funds	None	None	None
Certificates of deposit	None	None	None
Commercial paper	None	None	None
Banker's acceptances	18	None	None
U.S. corporate bonds/notes	None	None	None
Municipal bonds	None	None	None
Non-investment grade bonds	None	10%	None
Exchange traded funds	None	None	None
Mortgage-backed securities	None	None	None
Investment contracts	None	None	None
LAIF deposits	None	None	None
Foreign government bonds	None	None	None
Foreign corporate bonds/notes	None	None	None

Interest rate risk

Interest rate risk is the risk of changes in market interest rates that will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment the greater the sensitivity of its fair value to changes in the market interest rates. The PFA manages its exposure to interest rate risk by purchasing short-term investments and/or by timing cash flows from maturities so that a portion of the portfolio is maturing, or coming close to maturity, evenly over time as necessary to provide the cash flow and liquidity needed for operations. PFA's long-term investments in Industry Urban-Development Agency ("IUDA") bonds have set interest rates between 5.00% and 5.50% over the life of the bonds.

INVESTMENT TYPE	AMOUNT	WEIGHTED AVERAGE MATURITY (IN MONTHS)
Investment in IUDA bonds	\$ 79,660,000	42.31
Held by bond trustee:		
Treasury Obligations Mutual Funds	<u>31,935,043</u>	N/A
Total investments	<u>\$ 111,595,043</u>	

CITY OF INDUSTRY
PUBLIC FACILITIES AUTHORITY
(A COMPONENT UNIT OF CITY OF INDUSTRY)

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2015

3. Cash and investments (continued)

Credit risk

Credit risk is generally the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical organization. Money market funds, certificates of deposit, investments in IUDA bonds and LAIF deposits do not have ratings provided by a nationally recognized statistical organization.

Concentration of credit risk

The investment policy of PFA contains no limitations on the amount that can be invested in any one issuer beyond that stipulated by the California Government Code.

Investments in any one issuer (other than U.S. Treasury securities, mutual funds and external investment pools) that represent 5% or more of total Authority investments are as follows:

ISSUER	INVESTMENT TYPE	AMOUNT
Industry Urban-Development Agency	Civic-Recreational-Industrial Redevelopment Project No. 1 \$197,000,000 2002 Tax Allocation Refunding Bonds	\$ 79,660,000
	Treasury Obligations Mutual Funds	31,935,043
Total		\$ <u>111,595,043</u>

Custodial credit risk

The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The California Government Code and PFA's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for investments. With respect to investments, custodial credit risk generally applies only to direct investments in marketable securities. Custodial credit risk does not apply to a local government's indirect investment in securities through the use of mutual funds or government investment pools. PFA's investment in IUDA bonds are held by the trustee and are discussed in further detail under Note 4.

PFA's investment in treasury obligations mutual funds in the amount of \$31,935,043 held by the bond trustee has a "Aaa" rating by a nationally recognized statistical organization.

5. Bonds payable

Bond Purchase Agreement

On February 1, 2007, IUDA and PFA entered into a Bond Purchase Agreement. In April 2002, IUDA had previously issued \$197,000,000 of Industry Urban-Development Agency Civic-Recreational-Industrial Redevelopment Project No. 1 2002 Tax Allocation Bonds, Series B ("2002 IUDA TA Bonds"); IUDA used the proceeds to purchase U.S. government securities to advance refund the 1992 and 1997 Series Bonds. In order to purchase the 2002 IUDA TA Bonds and to fund the acquisition and construction of certain municipal improvements, PFA issued \$169,695,000 2007 Tax Allocation Bonds on February 1, 2007.

The net proceeds of \$166,028,203 were partially used to purchase the 2002 IUDA TA Bonds from IUDA. IUDA has assigned to PFA the IUDA's right to redeem its 2002 IUDA TA Bonds. PFA has then transferred and assigned its rights, title and interest in the 2002 IUDA TA Bonds to the Trustee as security for the 2007 Tax Allocation Revenue Bonds. The 2002 IUDA TA Bonds are registered in the name of the Trustee.

The bonds are secured by a pledge of all future principal and interest payments due on the 2002 IUDA TA Bonds and the 2002 City Bonds until the PFA bonds are paid off in the year 2033. Principal and interest payments outstanding at June 30, 2015 on the 2007 PFA bond amounted to \$95,267,111. Annual principal and interest payments on the 2007 PFA bond are expected to require 100% of the IUDA bond payments. For the year ended June 30, 2015, total principal and interest payments received on the IUDA and City bonds amounted to \$16,134,450. Principal and interest paid on the 2007 PFA bonds during the year ended June 30, 2015 amounted to \$16,132,287.

The 2002 IUDA TA bonds were refunded in July 2015, see subsequent event footnote for further discussion.

5. Bonds payable (continued)

Lease Refunding

In order to assist the City in financing the construction of various projects, on August 1, 2000, IUDA and the City entered into a lease agreement for certain properties owned by the City for a one time site lease payment in the amount of \$11,000,000. IUDA agreed to lease back these properties to the City. In conjunction with the signing of these lease agreements on August 30, 2000, the City issued \$12,620,000 of Certificates of Participation Series 2000 bonds ("2000 Certificates") to fund IUDA's site lease payment.

Under the lease agreement, the certificates represent direct, undivided fractional interests of the owners in lease payments to be made by the City to IUDA.

The terms of both leases ceased on the date in which all the outstanding 2000 Certificates were paid in full as discussed below.

In March 2010, the City leased certain properties owned by the City to PFA under a Site Lease Agreement. As consideration, PFA paid an upfront rental payment of approximately \$7,500,000 to the City for the lease of certain properties. The funds were then used by the City to prepay the 2000 Certificates. In order to prepay the Site Lease, PFA issued \$8,460,000 of 2010 Refunding Lease Revenue Bonds. In order to secure payments of the bond principal and interest, PFA then leased back the property to the City in which the City is then obligated to pay semi-annual lease payments as rental payments for the leased back properties. PFA has assigned its right to receive the lease payments to U.S. Bank Trust National Association as trustee for the holders of the Refunding Lease Revenue Bonds.

The term of both leases will cease on the date on which all the outstanding principal and interest payments of the 2010 Refunding Lease Revenue Bonds are paid in full or a provision has been made for such payment, but not later than August 1, 2030.

PFA will amortize the site lease prepayment over the term of the lease as follows:

<u>FISCAL YEAR</u> <u>ENDED JUNE 30</u>	<u>LEASE EXPENSE</u>
2016	\$ 373,144
2017	373,144
2018	373,144

FOR THE YEAR ENDED JUNE 30, 2015

5. Bonds payable (continued)

Lease Refunding (continued)

The annual debt service requirements on PFA's outstanding bonds as of June 30, 2015 are as follows:

YEAR ENDING JUNE 30,	INTEREST	PRINCIPAL	TOTAL
2016	\$ 3,626,062	\$ 13,340,000	\$ 16,966,062
2017	3,091,863	13,770,000	16,861,863
2018	2,475,513	14,360,000	16,835,513
2019	1,900,414	14,915,000	16,815,414
2020	1,288,494	15,450,000	16,738,494
2021-2025	668,100	16,000,000	16,668,100
Totals	<u>\$ 13,050,446</u>	<u>\$ 87,835,000</u>	<u>\$ 100,885,446</u>

For the year ended June 30, 2015 interest expense amounted to \$4,110,826 at the fund financial statement level and \$4,025,699 at the government-wide level. The difference relates to the change in accrued interest payable.

6. Self-insurance plan

The City of Industry has established a Self-Insurance Plan (the "Plan") to pay for liability claims against the City and PFA. The Plan is administered by an insurance committee which is responsible for approving all claims of \$25,000 or less and for making a provision for having sufficient funds available to pay approved claims and legal and investigative expenses. The insurance committee has given this authority to the City Manager. Potential liabilities of claims in excess of \$250,000, up to \$10,000,000, are covered by excess liability insurance policies. As of June 30, 2015, there are no pending liability claims outstanding against PFA.

7. Related party transactions

During the year ending June 30, 2015, PFA received net transfers of \$17,868, from the City of Industry's Tax Override Fund in connection with the new bond issuance, see note 8 subsequent events for details.

During the year ending June 30, 2015, PFA was advanced \$31,086,677, from the City of Industry's Tax Override Fund in connection with the new bond issuance, see note 8 subsequent events for details. The amount is presented as a deposit for refunding line item.
