CONSIDERATION OF THE APPOINTMENT OF BECKY SIMON AS THE CIVIC-RECREATIONAL-INDUSTRIAL AUTHORITY'S REPRESENTATIVE ON THE INDUSTRY PROPERTY AND HOUSING MANAGEMENT AUTHORITY

Board Member Carmany expressed his support in appointing Ms. Simon.

Vice Chairman Marshall expressed his concerns with the application, and the lack of information that was provided. Vice Chairman Marshall indicated that he was hesitant to approve the appointment without additional information on the applicant.

Chairman Lim indicated that City Manager Philips had been out on City business, and could not attend the meeting to provide answers. Chairman Lim suggested that the Board delay action until the next regular meeting in February.

Board Member Carmany indicated he spoke with City Manager Philips regarding this item, and based on Mr. Philips' process and recommendation, Board Member Carmany indicated he was prepared to move forward on the item.

Chairman Lim indicated that the Board should have vetting information on the applicant, and should defer until the next regular meeting. Chairman Lim also indicated that perhaps City Manager Philips could provide the Board with additional information on the applicant.

General Counsel Casso provided information on the Industry Property and Housing Management Authority's composition, and requested if there is a need to consider the appointment prior the next regularly scheduled meeting, that a special meeting be called of the CRIA Board. General Counsel Casso also indicated he will discuss with the City Manager to obtain background information on the applicant.

Chairman Lim provided direction to Staff to place the item on the agenda for the next regular scheduled meeting in February, if a special meeting is not required.

Howard Lim, Chairman
Civic Recreational Industrial Authority
15625 E. Stafford Street
City of Industry, CA 91744

Dear Mr. Lim:

On behalf of Rogers, Clem & Company, we want to express our sincere thanks for allowing us the opportunity to submit our firm's proposal for accounting and consulting services to be provided to Industry Hills Expo Center, an enterprise fund of the Civic Recreational Industrial Authority, for the year ending June 30, 2017.

We have detailed at Exhibit A, the monthly accounting services we will provide to Industry Hills Expo Center.

Our monthly fee will be based upon our standard hourly rates, plus out-of-pocket costs such as report production, typing, postage, etc. The maximum monthly amount for the monthly accounting services will be \$1,750, unless we run into unanticipated problems. If we encounter unanticipated problems, we will notify you and arrive at a mutually acceptable solution before proceeding with additional work. Our invoices will be rendered semi-monthly and are payable upon presentation.

We understand that personnel of Industry Hills Expo Center will provide us with the basic information required for our monthly services and that they are responsible for the accuracy and completeness of that information. We will advise the management of the organization about appropriate accounting principles and their application, but the responsibility for the financial information and reports remains with them. SUBJECT: First Amendment to the Professional Services Agreement with the Audit Firm, The Pun Group, to Extend their Contract to Conduct the Year-End Annual Audit for the Civic-Recreational-Industry Agency

BACKGROUND:

The Civic-Recreational-Industry Agency ("CRIA") is subject to annual financial statement audits by certified public accountants ("CPAs") that are independent of the CRIA's fiscal affairs. The purpose of the audit on CRIA's financial statements is to obtain an opinion from the CPAs to verify CRIA's conformance with Generally Accepted Accounting Principles and related government accounting standards and requirements.

The City of Industry solicited bid proposals from several audit firms to conduct the audit for its component units. At the CRIA Board meeting of October 7, 2015, the Board approved the professional services agreement for The Pun Group to perform audit for the year-ended June 30, 2016.

DISCUSSION:

CRIA is due for its annual financial statements audit for the coming fiscal year ending June 30, 2016. The Pun Group performed the audit of CRIA's financial statements for the year

ended June 30, 2015 and provided reliable technical expertise and assistance to City staff. The firm has gained a thorough understanding of the CRIA's internal controls and attained a comprehensive perspective of CRIA's financial processes. Given the involvement of the Finance Department in the undertakings to address the State Controller's Office findings and the complexities involved in the various component units of the City that include: the Industry Public Utilities Commission and the Successor Agency to the former Industry Urban-Development Agency, it would be beneficial to utilize The Pun Group for the subsequent annual audits.

Therefore, it is recommended that CRIA increase the period of the contract for The Pun Group for two additional years with the option of two one-year extensions, making the contract for a total of a five-year term. To comply with its procurement policy, the City will issue a request for proposal at the end of the contract to ensure CRIA is receiving the best value in their services.

In addition to the extension of the terms, the contract is amended to include additional scope of work for The Pun Group to prepare CRIA's financial statements. The table below contains the description of services and the proposed fees:

Payment by CRIA is not a condition precedent to enforcement of this indemnity. In the event of any dispute between Consultant and CRIA, as to whether liability arises from the sole negligence of the CRIA or its officers, employees, or agents, Consultant will be obligated to pay for CRIA's defense until such time as a final judgment has been entered adjudicating CRIA as solely negligent. Consultant will not be entitled in the absence of such a determination to any reimbursement of defense costs including but not limited to attorney's fees, expert fees and costs of litigation.

Except for the fees paid to Consultant as provided in the Agreement, CRIA shall not pay salaries, wages, or other compensation to Consultant for performing services hereunder for CRIA. CRIA shall not be liable for compensation or indemnification to Consultant for injury or sickness arising out of performing services hereunder.

10. LEGAL RESPONSIBILITIES

The Consultant shall keep itself informed of State and Federal laws and regulations which in any manner affect those employed by it or in any way affect the performance of its service pursuant to this Agreement. No member, officer, or employee of CRIA, or their designees or agents, and no public official who exercises authority over or responsibilities with respect to the Project during his/her tenure or for one year thereafter, shall have any interest, direct or indirect, in any agreement or sub-agreement, or the proceeds thereof, for work to be performed in connection with the Project performed under this Agreement.

(b) Consultant shall promptly notify CRIA should Consultant, its officers, employees, agents, or subconsultants be served with any summons, complaint, subpoena, notice of deposition, request for documents, interrogatories, request for admissions, or other discovery request ("Discovery"), court order, or subpoena from any person or party regarding this Agreement and the work performed there under or with respect to any CRIA project or property located within CRIA's jurisdiction, unless Consultant is prohibited by law from informing CRIA of such Discovery, court order or subpoena. CRIA retains the right, but has no obligation, to represent Consultant and/or be present at any deposition, hearing, or similar proceeding as allowed by law. Unless CRIA is a party to the lawsuit, arbitration, or administrative proceeding and is adverse to Consultant in such proceeding, Consultant agrees to cooperate fully with CRIA and to provide the opportunity to review any response to discovery requests provided by Consultant. Consultant shall audit the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information, including the related notes to the financial statements, which collectively comprise the basic financial statements, of CRIA as of and for the year ended June 30, 2015.

Accounting standards generally accepted in the United States of America provide for certain Required Supplementary Information (RSI), such as Management's Discussion and Analysis (MD&A), to supplement the CRIA's basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Consultant shall apply certain limited procedures to the CRIA's RSI in accordance with auditing standards generally accepted in the United States of America. These limited procedures will consist of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to Consultant's inquiries, the basic financial statements, and other knowledge Consultant obtained during our audit of the basic financial statements. Consultant shall not express an opinion or provide any assurance on the information because the limited procedures do not provide Consultant with sufficient evidence to express an opinion or provide any assurance. The following RSI is required by generally accepted accounting principles and will be subjected to certain limited procedures, but will not be audited:

- 1) Management's Discussion and Analysis
- 2) Budgetary Comparison Schedules – General Fund

Consultant shall report on Supplementary Information other than RSI that accompanies the CRIA's financial statements. Consultant will subject the following Supplementary Information to the auditing procedures applied in Consultant's audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America and will provide an opinion on it in relation to the financial statements as a whole:

- 1) Budgetary Comparison Schedules – All Other Adopted Funds

The following other information accompanying the financial statements will not be subjected to the auditing procedures applied in Consultant's audit of the financial statements, and Consultant's auditor's report will not provide an opinion or any assurance on that other information.

- 1) Introductory Section
- 2) Statistical Section

Audit Objectives

The objective of the audit is the expression of opinions as to whether CRIA's financial statements are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles and to report on the fairness of the supplementary information referred to in the second paragraph when considered in relation to the financial statements as a whole. Consultant's audit will be conducted in accordance with auditing standards generally accepted in the United States of America and the standards for financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and will include tests of the accounting records of the CRIA and other procedures we consider necessary to enable Consultant to express such opinions. Consultant shall issue a written report upon completion of its audit of the CRIA's financial statements. Consultant's report will be addressed to the CRIA Board. Consultant cannot provide assurance that unmodified opinions will be expressed. Circumstances may arise in which it is necessary for Consultant to modify its opinions or add emphasis-of-matter or other-matter paragraphs. If Consultant's opinions on the financial statements are other than unmodified, Consultant will discuss the reasons with CRIA in advance. If, for any reason, Consultant is unable to complete the audit or are unable to form or have not formed opinions, Consultant may decline to express opinions or issue reports, or may withdraw from this engagement.

Consultant shall provide a report (that does not include an opinion) on internal control related to the financial statements and compliance with the provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a material effect on the financial statements as required by *Government Auditing Standards*. The report on internal control and on compliance and other matters will include a paragraph that states (1) that the purpose of the report is solely to describe the scope of testing of internal control and compliance, and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control on compliance, and (2) that the report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. The paragraph will also state that the report is not suitable for any other purpose. If during Consultant's audit Consultant becomes aware that CRIA is subject to an audit requirement that is not encompassed in the terms of this engagement, Consultant shall communicate to management and those charged with governance that an audit in accordance with U.S. generally accepted auditing standards and the standards for financial audits contained in *Government Auditing Standards* may not satisfy the relevant legal, regulatory, or contractual requirements.

Audit Procedures—General

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; therefore, Consultant's audit will involve judgment about the number of transactions to be examined and the areas to be tested. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. Consultant will plan and perform the audit to obtain reasonable rather than absolute assurance about whether the financial statements are free of material misstatement, whether from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations that are attributable to the government or to acts by management or employees acting on behalf of the government. Because the determination of abuse is subjective, *Government Auditing Standards* do not expect auditors to provide reasonable assurance of detecting abuse.

Because of the inherent limitations of an audit, combined with the inherent limitations of internal control, and because Consultant will not perform a detailed examination of all transactions, there is a risk that material misstatements may exist and not be detected by us, even though the audit is properly planned and performed in accordance with U.S. generally accepted auditing standards and *Government Auditing Standards*. In addition, an audit is not designed to detect immaterial misstatements or violations of laws or governmental regulations that do not have a direct and material effect on the financial statements. However, Consultant will inform the appropriate level of management of any material errors, any fraudulent financial reporting, or misappropriation of assets that come to our attention. Consultant will also inform the appropriate level of management of any violations of laws or governmental regulations that come to our attention, unless clearly inconsequential, and of any material abuse that comes to our attention. Consultant's responsibility as auditors is limited to the period covered by Consultant's audit and does not extend to later periods for which Consultant is not engaged as auditor.

Consultant's procedures will include tests of documentary evidence supporting the transactions recorded in the accounts, and may include tests of the physical existence of inventories, and direct confirmation of receivables and certain other assets and liabilities by correspondence with selected individuals, funding sources, creditors, and financial institutions. Consultant will request written representations from your attorneys as part of the engagement, and they may bill CRIA for responding to this inquiry. At the conclusion of Consultant's audit, Consultant will require certain written representations from CRIA about CRIA's responsibilities for the financial statements; compliance with laws, regulations, contracts, and grant agreements; and other responsibilities required by generally accepted auditing standards.

Audit Procedures—Internal Control

Consultant's audit will include obtaining an understanding of the government and its environment, including internal control, sufficient to assess the risks of material misstatement of the financial statements and to design the nature, timing, and extent of further audit procedures. Tests of controls may be performed to test the effectiveness of certain controls that Consultant considers relevant to preventing and detecting errors and fraud that are material to the financial statements and to preventing and detecting misstatements resulting from illegal acts and other noncompliance matters that have a direct and material effect on the financial statements. Consultant's tests, if performed, will be less in scope than would be necessary to render an opinion on internal control and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to *Government Auditing Standards*.

An audit is not designed to provide assurance on internal control or to identify significant deficiencies or material weaknesses. However, during the audit, Consultant will communicate to management and those charged with governance internal control related matters that are required to be communicated under AICPA professional standards and *Government Auditing Standards*.

Audit Procedures—Compliance

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, Consultant will perform tests of the CRIA's compliance with the provisions of applicable laws, regulations, contracts, agreements, and grants. However, the objective of Consultant's audit will not be to provide an opinion on overall compliance and

Consultant will not express such an opinion in its report on compliance issued pursuant to *Government Auditing Standards*.

Other Nonaudit Services

Consultant may also assist in preparing the financial statements and related notes of CRIA in conformity with U.S. generally accepted accounting principles based on information provided by CRIA. These nonaudit services do not constitute an audit under *Government Auditing Standards* and such services will not be conducted in accordance with *Government Auditing Standards*.

CRIA's Responsibilities

CRIA is responsible for establishing and maintaining effective internal controls, including evaluating and monitoring ongoing activities, to help ensure that appropriate goals and objectives are met; following laws and regulations; and ensuring that management and financial information is reliable and properly reported. CRIA is also responsible for implementing systems designed to achieve compliance with applicable laws, regulations, contracts, and grant agreements. CRIA is also responsible for the selection and application of accounting principles, for the preparation and fair presentation of the financial statements and all accompanying information in conformity with U.S. generally accepted accounting principles, and for compliance with applicable laws and regulations and the provisions of contracts and grant agreements.

CRIA is also responsible for making all financial records and related information available to Consultant and for the accuracy and completeness of that information. CRIA is also responsible for providing Consultant with (1) access to all information of which it is aware that is relevant to the preparation and fair presentation of the financial statements, (2) additional information that Consultant may request for the purpose of the audit, and (3) unrestricted access to persons within the government from whom Consultant determines it necessary to obtain audit evidence.

CRIA's responsibilities include adjusting the financial statements to correct material misstatements and for confirming to Consultant in the written representation letter that the effects of any uncorrected misstatements aggregated by Consultant during the current engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements taken as a whole.

CRIA is responsible for the design and implementation of programs and controls to prevent and detect fraud, and for informing Consultant about all known or suspected fraud affecting the government involving (1) management, (2) employees who have significant roles in internal control, and (3) others where the fraud could have a material effect on the financial statements. CRIA's responsibilities include informing Consultant of its knowledge of any allegations of fraud or suspected fraud affecting the government received in communications from employees, former employees, grantors, regulators, or others. In addition, Consultant is responsible for identifying and ensuring that the government complies with applicable laws, regulations, contracts, agreements, and grants and for taking timely and appropriate steps to remedy fraud and noncompliance with provisions of laws, regulations, contracts or grant agreements, or abuse that Consultant reports.

Consultant is responsible for the preparation of the supplementary information, which it has been engaged to report on, in conformity with U.S. generally accepted accounting principles. CRIA agrees to include Consultant's report on the supplementary information in any document that

contains and indicates that Consultant has reported on the supplementary information. CRIA also agrees to include the audited financial statements with any presentation of the supplementary information that includes Consultant's report thereon OR make the audited financial statements readily available to users of the supplementary information no later than the date the supplementary information is issued with Consultant's report thereon. CRIA's responsibilities include acknowledging to Consultant in the written representation letter that (1) CRIA is responsible for presentation of the supplementary information in accordance with GAAP; (2) CRIA believes the supplementary information, including its form and content, is fairly presented in accordance with GAAP; (3) the methods of measurement or presentation have not changed from those used in the prior period (or, if they have changed, the reasons for such changes); and (4) CRIA has disclosed to us any significant assumptions or interpretations underlying the measurement or presentation of the supplementary information.

CRIA is responsible for establishing and maintaining a process for tracking the status of audit findings and recommendations. CRIA is also responsible for identifying and providing report copies of previous financial audits, attestation engagements, performance audits or other studies related to the objectives discussed in the Audit Objectives section of this letter. This responsibility includes relaying to Consultant corrective actions taken to address significant findings and recommendations resulting from those audits, attestation engagements, performance audits, or other studies. CRIA is also responsible for providing management's views on Consultant's current findings, conclusions, and recommendations, as well as CRIA's planned corrective actions, for the report, and for the timing and format for providing that information.

CRIA agrees to assume all management responsibilities relating to the financial statements and related notes and any other nonaudit services Consultant provides. CRIA will be required to acknowledge in the management representation letter Consultant's assistance with preparation of the financial statements and related notes and that CRIA has reviewed and approved the financial statements and related notes prior to their issuance and have accepted responsibility for them. Further, CRIA agrees to oversee the nonaudit services by designating an individual, preferably from senior management, with suitable skill, knowledge, or experience; evaluate the adequacy and results of those services; and accept responsibility for them.

Third-Party Service Providers

Consultant may from time to time, and depending on the circumstances, use third-party service providers in serving CRIA's account, upon receiving prior written consent from CRIA, in accordance with Section 15 of the Agreement. Consultant may share confidential information about CRIA with these service providers, but remain committed to maintaining the confidentiality and security of the CRIA's information. Accordingly, Consultant maintains internal policies, procedures, and safeguards to protect the confidentiality of CRIA's personal information. In addition, Consultant will secure confidentiality agreements with all service providers to maintain the confidentiality of CRIA's information and we will take reasonable precautions to determine that they have appropriate procedures in place to prevent the unauthorized release of CRIA's confidential information to others. In the event that Consultant is unable to secure an appropriate confidentiality agreement, you will be asked to provide your consent prior to the sharing of your confidential information with the third-party service provider. Furthermore, Consultant will remain responsible for the work provided by any such third-party service providers, in accordance with the provisions of Section 15 of the Agreement.

Assistance By CRIA Personnel

Consultant will ask that CRIA's personnel, to the extent possible, prepare required schedules and analyses, and make selected invoices and other required documents available to Consultant's staff. This assistance by CRIA's personnel will serve to facilitate the progress of Consultant's work and minimize Consultant's time requirements.

Independence

Professional standards require that a firm and its members maintain independence throughout the duration of the professional relationship with a client. In order to preserve the integrity of our relationship, no offer of employment shall be discussed with any of The Pun Group, LLP's professionals assigned to the audit, during the one year period prior to the commencement of the year-end audit. Should such an offer of employment be made, or employment commences during the indicated time period, Consultant will consider this an indication that Consultant's independence has been compromised. As such, Consultant may be required to recall our auditors' report due to our lack of independence. In the event additional work is required to satisfy independence requirements, such work will be billed at Consultant's standard hourly rates, as set forth in Exhibit B.

Report Distribution

Consultant will provide copies of our reports to CRIA; however, management is responsible for distribution of the reports and the financial statements. Unless restricted by law or regulation, or containing privileged and confidential information, copies of our reports are to be made available for public inspection.

Access to Working Papers

The audit documentation for this engagement will be retained for a minimum of seven years after the report release or for any additional period requested by the Oversight Agency for Audit or Pass-through Entity. If Consultant is aware that a federal awarding agency, pass-through entity, or auditee is contesting an audit finding, Consultant will contact the party(ies) contesting the audit finding for guidance prior to destroying the audit documentation.

Consultant is required to undergo a "peer review" every three years. During the course of a Peer Review engagement, selected working papers and financial reports, on a sample basis, will be inspected by an outside party on a confidential basis. Consequently, the accounting and/or auditing work Consultant performed for you may be selected. CRIA signing this letter represents CRIA's acknowledgement and permission to allow such access should CRIA's engagement be selected for review. As a result of Consultant's prior or future services to CRIA, Consultant may be required or requested to provide information or documents to CRIA or a third-party in connection with a legal or administrative proceeding (including a grand jury investigation) in which Consultant is not a party. If this occurs, Consultant's efforts in complying with such request or demands will be deemed a part of this engagement and Consultant shall be entitled to compensation for our time and reimbursement for our reasonable out-of-pocket expenditures (including legal fees) in complying with such request or demand, unless Consultant is the defendant, subject, or target of the legal or administrative proceeding. This is not intended, however, to relieve us of our duty to observe the confidentiality requirements of Consultant's profession.

Workers' compensation insurance. Consultant shall maintain Workers' Compensation Insurance (Statutory Limits) and Employer's Liability Insurance (with limits of at least \$1,000,000.00).

Consultant shall submit to CRIA, along with the certificate of insurance, a Waiver of Subrogation endorsement in favor of Agency, its officers, agents, employees and volunteers.

Proof of insurance. Consultant shall provide certificates of insurance to CRIA as evidence of the insurance coverage required herein, along with a waiver of subrogation endorsement for workers' compensation. Insurance certificates and endorsement must be approved by CRIA's Risk Manager prior to commencement of performance. Current certification of insurance shall be kept on file with CRIA at all times during the term of this contract. CRIA reserves the right to require complete, certified copies of all required insurance policies, at any time.

Duration of coverage. Consultant shall procure and maintain for the duration of the contract insurance against claims for injuries to persons or damages to property, which may arise from or in connection with the performance of the Services hereunder by Consultant, his agents, representatives, employees or subconsultants.

Primary/noncontributing. Coverage provided by Consultant shall be primary and any insurance or self-insurance procured or maintained by CRIA shall not be required to contribute with it. The limits of insurance required herein may be satisfied by a combination of primary and umbrella or excess insurance. Any umbrella or excess insurance shall contain or be endorsed to contain a provision that such coverage shall also apply on a primary and non-contributory basis for the benefit of CRIA before the CRIA's own insurance or self-insurance shall be called upon to protect it as a named insured.

CRIA's rights of enforcement. In the event any policy of insurance required under this Agreement does not comply with these specifications or is canceled and not replaced, CRIA has the right but not the duty to obtain the insurance it deems necessary and any premium paid by CRIA will be promptly reimbursed by Consultant, or CRIA will withhold amounts sufficient to pay premium from Consultant payments. In the alternative, CRIA may cancel this Agreement.

Acceptable insurers. All insurance policies shall be issued by an insurance company currently authorized by the Insurance Commissioner to transact business of insurance in the State of California, with an assigned policyholders' Rating of A- (or higher) and Financial Size Category Class VI (or larger) in accordance with the latest edition of Best's Key Rating Guide, unless otherwise approved by the CRIA's Risk Manager.

Waiver of subrogation. All insurance coverage maintained or procured pursuant to this agreement shall be endorsed to waive subrogation against CRIA, its elected or appointed officers, agents, officials, employees and volunteers or shall specifically allow Consultant or others providing insurance evidence in compliance with these specifications to waive their right of recovery prior to a loss. Consultant hereby waives its own right of recovery against CRIA, and shall require similar written express waivers and insurance clauses from each of its subconsultants.

Enforcement of contract provisions (non estoppel). Consultant acknowledges and agrees that any actual or alleged failure on the part of CRIA to inform Consultant of non-compliance with any requirement imposes no additional obligations on the Agency nor does it waive any rights hereunder.

Requirements not limiting. Requirements of specific coverage features or limits contained in this Section are not intended as a limitation on coverage, limits or other requirements, or a waiver of any coverage normally provided by any insurance. Specific reference to a given coverage feature is for purposes of clarification only as it pertains to a given issue and is not intended by any party or insured to be all inclusive, or to the exclusion of other coverage, or a waiver of any type. If the Consultant maintains higher limits than the minimums shown above, CRIA requires and shall be entitled to coverage for the higher limits maintained by the Consultant. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to CRIA.

Notice of cancellation. Consultant agrees to oblige its insurance agent or broker and insurers to provide to CRIA with a thirty (30) day notice of cancellation (except for nonpayment for which a ten (10) day notice is required) or nonrenewal of coverage for each required coverage.

Additional insured status. General liability policies shall provide or be endorsed to provide that CRIA and its officers, officials, employees, and agents, and volunteers shall be additional insureds under such policies. This provision shall also apply to any excess liability policies.

Prohibition of undisclosed coverage limitations. None of the coverages required herein will be in compliance with these requirements if they include any limiting endorsement of any kind that has not been first submitted to CRIA and approved of in writing.

Separation of Insureds. A severability of interests provision must apply for all additional insureds ensuring that Consultant's insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the insurer's limits of liability. The policy(ies) shall not contain any cross-liability exclusions.

Pass Through Clause. Consultant agrees to ensure that its subconsultants, subcontractors, and any other party involved with the project who is brought onto or involved in the project by Consultant, provide the same minimum insurance coverage and endorsements required of Consultant. Consultant agrees to monitor and review all such coverage and assumes all responsibility for ensuring that such coverage is provided in conformity with the requirements of this section. Consultant agrees that upon request, all agreements with consultants, subcontractors, and others engaged in the project will be submitted to CRIA for review.

CRIA's right to revise specifications. CRIA reserves the right at any time during the term of the contract to change the amounts and types of insurance required by giving the Consultant ninety (90) days advance written notice of such change. If such change results in substantial additional cost to the Consultant, CRIA and Consultant may renegotiate Consultant's compensation.

Self-insured retentions. Any self-insured retentions must be declared to and approved by CRIA. CRIA reserves the right to require that self-insured retentions be eliminated, lowered, or replaced by a deductible. Self-insurance will not be considered to comply with these specifications unless approved by CRIA.

Timely notice of claims. Consultant shall give CRIA prompt and timely notice of claims made or suits instituted that arise out of or result from Consultant's performance under this Agreement, and that involve or may involve coverage under any of the required liability policies.

Additional insurance. Consultant shall also procure and maintain, at its own cost and expense, any additional kinds of insurance, which in its own judgment may be necessary for its proper protection and prosecution of the work.

The Pun Group, LLP prides itself on developing lasting, personal relationships with our clients. Our hands-on partner involvement and low personnel turnover are crucial tools to our success and highly beneficial to the City.

Our Firm has:

- Extensive experience in audits of local governments as well as experience with preparation of Comprehensive Annual Financial Reports, and comprehensive assistance with the implementation of new GASB Pronouncements.
- Strong work ethic and willingness to respond to the City of Industry requirements and needs.

Staff Consistency

The Firm is committed to maintaining staff continuity throughout audit engagements. We also offer benefits including retirement plans, medical plans, profit-sharing programs, and continuing education. The Firm is an equal-opportunity employer and complies with all federal and state hiring requirements. **The Firm also supports affirmative-action philosophies and works hard to provide opportunities for self-enhancement to members of disadvantaged groups.**

We guarantee that the partners assigned to this audit will be involved throughout the entire engagement term, and that assigned staff members will return to the City in future years if they are still with the firm. One of our primary audit concerns is staff continuity, and our hands-on partner involvement ensures that qualified and experienced professionals will perform audits efficiently and effectively every year of the engagement.

OTHER RELEVANT EXPERIENCE

City of Stockton

The City of Stockton filed a petition for Chapter 9 bankruptcy protection with the United States Bankruptcy Court on June 28, 2012, the largest municipality bankruptcy at the time. The Firm was engaged as audit liaison and advisor in 2012 for the City's 2011 audit. The City also engaged the Firm to help drafting the Comprehensive Annual Financial Report in accordance with U.S. GAAP and in compliance with GFOA guidelines for the certificate of achievement for excellence in financial reporting program.

With the superb services provided, the City of Stockton also engaged the Firm to provide audit service for the years ending June 30, 2012 through 2015 due to the early termination of the contract from its predecessor firm. Mr. Kenneth H. Pun has been assigned as the engagement partner who facilitated the audit process since then. The engagement team completed the audit and issued the audit reports for the year ended June 30, 2012 and 2013 within the one year timeframe.

City of Desert Hot Springs

The City of Desert Hot Springs engaged the Firm to provide professional auditing services since June 30, 2013. During the audit, certain deficiencies were noted that the City cited as the cause of their financial hardship. The City reduced its overall workforce resulting in many positions unfilled. However, our firm was still able to complete the engagement in a timely manner and provide valuable recommendations to the City Council in addressing their deficiencies.

In addition, during the year ended June 30, 2013, the City entered into a very complicated financial arrangement, New Market Tax Credit financing, for the construction of the Desert Hot Springs Health and Wellness Center. Our firm has provided guidance to the City in addressing complex accounting issues and helped drafting the stand-alone financial statements to fulfil the addition reporting requirements under the New Market Tax Credit financing.

San Diego Metropolitan Transit System ("MTS")

On January 1, 2003, California Senate Bill 1703 (SB 1703) became effective. SB 1703 required the consolidation of the planning and programming functions of MTS and the North County Transit District (NCTD) into the San Diego Association of Governments (SANDAG) in an initial transfer to take place prior to July 1, 2003. SB 1703 also required the consolidation of certain project development and construction functions of MTS and NCTD into SANDAG in a subsequent transfer to take place prior to January 30, 2004. The initial transfer occurred on July 1, 2003, and the subsequent transfer occurred on October 13, 2003. With these actions, employees were transferred from MTS and NCTD to SANDAG, and certain planning, development, and construction functions were also transferred.

After the enactment of SB 1703, Mr. Kenneth H. Pun was able to convert MTS financial model from general-purpose government to stand-alone business-type activities government under GASB Statement No. 34 in 2007. By doing so, MTS has significantly improved their financial reporting.

CITY OF INDUSTRY

Proposal to Perform Professional Auditing Services

SECTION VI – SPECIFIC AUDIT APPROACH

Scope of Work

The City of Industry is requesting an opinion as to the fair presentation of its basic financial statements in accordance with generally accepted accounting principles (GAAP) and applicable laws and regulations. These audits are to be performed in accordance with all applicable and generally accepted auditing standards, including, but not limited to, the following:

- Generally accepted auditing standards as set forth by the American Institute of Certified Public Accountants.
- The standards applicable to financial audits contained in the most current version of the Generally Accepted Government Auditing Standards (Yellow Book), issued by the Comptroller General of the United States.
- The provisions of the Single Audit Act as amended in 1996.
- The provisions of U.S. Office of Management and Budget (OMB) Uniform Grant Guidance (formerly known as Circular A-133), Audits of State and Local Governments and Non-Profit Organizations and the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards.

To accomplish this task, the Firm will:

- ✓ Perform an audit of the financial statements of the City and its component units. The City's blended component units are:
 - Successor Agency to the Industry Urban-Development Agency ("SA")
 - Civic Recreational-Industrial Authority ("CRIA")
 - Industry Public Facilities Authority ("PFA")
 - Industry Public Utilities Commission ("IPUC")
 - Industry Property and Housing Management Authority ("IPHMA")
- ✓ **Preparation of the Financial Statements** of the following entities. The financial statements will be fully compliant with all current and proposed GASB pronouncements:
 - City's Basic Financial Statements
 - Successor Agency to the Industry Urban Development Agency
 - Civic Recreational-Industrial Authority
 - Industry Public Facilities Authorities
- ✓ Issue financial statements for the Successor Agency to the Industry Urban-Development Agency, Civic Recreational-Industrial Authority and Industry Public Facilities Authority. The individual component unit financial statement will be issued with no MD&A.
- ✓ Review the City's Annual Financial Report (AFR), in full compliance with all current and proposed GASB statements, which will include both Government-Wide Financial Statements and Fund Financial Statements. Apply limited audit procedures to MD&A and required supplementary information pertaining to the General Fund and each major fund of the City.
- ✓ Apply limited procedures to the *management discussion and analysis* as required by the auditing standards to be applied to required supplementary information. The Firm will apply an understanding of the method of preparation, the source and basis for the information presented, comparing for consistency to the audited data, and ascertaining that the *management's discussion and analysis* contains all of the information required by GASB 34 and does not contain information prohibited to be presented in the *management's discussion and analysis*.
- ✓ When required, prepare a separate Single Audit Report, to include the following:
 - Report on compliance and on internal control over financial reporting based on audit of financial statements performed in accordance with *Government Auditing Standards*.
 - Report on compliance with requirements applicable to each major program, internal control over compliance, and on the schedule of expenditures of federal awards in accordance with OMB Uniform Grant Guidance, "Audits of State and Local Governments", and the Single Audit Act of 1984 (Public Law 98-502).
 - Schedule of Expenditures of Federal Awards.

CITY OF INDUSTRY

Proposal to Perform Professional Auditing Services

- Notes to Schedule of Expenditures of Federal Awards.
 - Schedule of Findings and Questioned Costs.
 - Any other required schedules or reports.
 - Prepare the Data Collection Form for Reporting on Audits of States, Local Governments, and Non-Profit Organizations.
- ✓ Prepare Agreed-upon Procedures Applied to the Appropriations Limitation (GANN Limit) report prescribed by Article XIII-B of the California Constitution.
 - ✓ Prepare year-end adjusting journal entries as needed.
 - ✓ Issue a separate "management letter" that includes recommendations for improvements in internal control, accounting procedures and other significant observations that are considered to be non-reportable conditions. Management letters shall be addressed to the City Manager.

The Firm will be available for consultation by phone on accounting and financial issues during the year at no extra cost. The Firm will also serve as auditor for certain addition projects and studies as may be deemed necessary by the City.

The Firm will make an immediate written report of all irregularities and illegal acts or indications of illegal acts of which they become aware to the City.

Supplemental reports, audits, or agreed-upon procedures must be added in a written agreement prior to commencing audit work. The Firm and the City will discuss and approved the scope and associated costs of these tasks.

Working Paper Retention and Access to Working Papers

The Firm will retain, at its own expense, all working papers and reports for a minimum of (7) seven years, unless the City notifies the Firm in writing of the need to extend the retention period. Upon request, the Firm will make working papers available to City of Industry or other governmental agencies included in the federal or state grant audits. The Firm will comply with reasonable requests from successor auditors and allow them to review working papers that relate to matters of continuing accounting significance.

Objectives of Our Services

Our primary objective for the proposed audit is to examine the City's financial statements and express our opinion on their fairness of presentation, in accordance with generally accepted accounting principles. Other objectives that will benefit the City include the following:

- To offer beneficial observations and recommendations about policies and procedures for accounting and operating controls
- To identify opportunities to make City operations more efficient and reduce costs
- To perform the audit efficiently and effectively, so disruption to office operations is minimized
- To provide continuing advisory services to help the City implement recommendations
- To meet these objectives at no additional cost to the City

The Engagement Team will perform the audit in accordance with the Firm's quality-control procedures, which include following standard audit programs, careful planning, using industry-standardized software for auditing and internal control documentation, and welcoming an objective review of audit work.

The Firm will supply portable computers to the onsite staff members.

Our audit approach emphasizes careful planning, open communication, and proper assignment of responsibilities. This method ensures that audit requirements will be met with minimal disruption of the City's daily operations, and that the audit will proceed efficiently with full understanding between the Engagement Team and the City.

CITY OF INDUSTRY

Proposal to Perform Professional Auditing Services

Proposed Segmentation of the Engagement and Timeline

The audit will be performed in four phases:

Initial Planning Meeting | During a mutually acceptable time frame, normally July of each year.

The Engagement Partner and Manager will meet with City's Management to get up to speed with City policies and procedures, establish any specific requirements Management may have, identification of unique transactions, implementation of new GASB pronouncements, and develop the audit work plan for the engagement.

Interim | May commence August/September of each year.

The Engagement Team—including the Engagement Partner—will assess accounting policies adopted by the City, obtain an understanding of the City and its operating environment, review internal controls on all significant transaction classes, perform walkthroughs and/or tests of internal control, perform preliminary analytical procedures, evaluate Single Audit compliance (if needed), identify any audit issues, and prepare confirmation correspondence. The Engagement Team and City Management will establish expectations including responsibilities and assignments for the year-end audit, and will hold a progress status meeting at the end of the Interim phase.

Year-End | May commence during the last week of September or the first week of October of each year.

The Engagement Team—including the Engagement Partner—will conduct audit procedures on account balances in the general ledger, finish confirmation procedures, perform preliminary analytical procedures, search for unrecorded liabilities, perform substantive analytical review procedures, complete work on compliance with Federal Assistance, and conclude fieldwork. The Engagement Team and City Management will hold an exit conference at the end of the Year-End phase.

Reporting | Draft copies of reports will be provided in by November of each year; Final reports and management letter will be provided no later than Mid-November of each year.

The Firm will review and prepare audit reports and perform quality control procedures in accordance with the Quality Control Standards issued by the AICPA. We will also review reports for compliance with GFOA reporting guidelines at no additional cost. Any comments will be issued in a letter to Management. At the City's request, the Engagement Partner and Manager will present the audit to the City's governing body.

The Firm will complete the audit fieldwork and issue all reports within the established timeframe, assuming no internal City circumstances delay the audit.

Level of staff and number of hours to be assigned to each proposed segment of the engagement

The Pun Group, LLP understands that the City is not only looking to employ our auditing services, but is also seeking to receive value within that professional relationship. We believe that our value is derived from our in-depth knowledge, experience, and commitment that our auditing firm employs. We stress and emphasize "employ", because all of the knowledge and expertise listed on paper will not benefit you unless it is applied. That is why we have developed a plan that we feel will accomplish the objectives of the City and your particular needs. Our Firm will utilize the information that you have shared with us and our experience from our previous audits of this nature, from various government entities and cities to develop an effective plan for all major areas.

Example of Major Areas (not limited to):

- Audit of the City's financial statements and the related notes to financial statements
- Single Audit procedures and required reporting (if applicable)
- Agreed-upon procedures on Appropriations Limit calculation
- Communication with those charged with governance
- Internal Control and Management Letters (if applicable)

Sample size and the extent to which statistical sampling is to be used in this engagement

In our audit approach, statistical sampling is used in conjunction with our skilled judgment and knowledge of each situation. The population size and assurance level needed from any given test will determine the sample size used in our testing.

Extent of use of EDP software in the engagement

We use EDP Software in our engagement to increase our efficiency and quality of our work and meet the new professional requirements regarding fraud and internal control. Our engagement team will import data from the City's financial software and extract useful data for the purpose of testing and analytical procedures particular in the following areas:

- Successful Fraud Test
- Questionable Invoices
- Phantom Vendor Schemes
- Kickback or Conflict-of-Interest Schemes
- Dormant Account Schemes
- Money Laundering Schemes

Type and extent of analytical procedures to be used in the engagement

We use analytical procedures during the interim phase to set up expectations for the year-to-date results and balances and compare them with budgeted and prior-year amounts. This allows us to forecast year-end amounts, reducing the workload during the year-end phase and allowing us to focus on areas of concern.

We also use trend and ratio analysis to identify any uncertain or unusual events. In order to perform these analysis, our firm performs a survey of cities and counties and develops benchmarks on certain key financial indicators, such as cost of services to tax revenues ratios, average general fund balance, capital assets, debt per capital, general fund unassigned fund balance to total general fund expenditures, etc. Our staff members have previous experience in successfully implanting analytical procedures to the City's benefit.

CITY OF INDUSTRY

Proposal to Perform Professional Auditing Services

Approach to be taken to gain and document an understanding of the City's internal control structure

Audit risk assessment will be established by an internal control review, combined with the Engagement Team's understanding of the City's operations and accounting software. Using the Committee of Sponsoring Organizations (COSO) Framework, staff members will evaluate the City's processes and identify any control deficiencies. These diagnostic review procedures allow the Engagement Team to evaluate the City's systems and controls and to provide constructive feedback to City Management.

The Engagement Team will perform a walkthrough of the City's accounting systems, including processes for financial reporting, revenue recognition and cash receipts, purchasing/contract management and cash disbursements, and payroll and related liabilities, etc. Auditors will document the process with a flowchart or narrative summary.

Approach to be taken in determining laws and regulations that will be subject to audit test work

The Firm stays continually up to date with audit requirements—including new regulations, compliance supplements, state guidelines, and pertinent contracts—to ensure that we conduct audits in accordance with applicable laws and regulations. We test transactions for compliance with the Single Audit Act, California Government Code, GANN Appropriations Limit, provisions of applicable grant guidelines, requirements of local measures, etc.

For example, the Single Audit Act requires that we determine which grants to include in our audit and select transactions from those grants for detailed testing. While most transactions are tested as part of the Interim phase, we cannot determine which grants to test for the Single Audit until the Year-End phase of audit.

Our compliance audits of cash, investments, debt covenants, and other areas are performed in accordance with the California Government code, which has many provisions and regulations covering investments.

Approach to be taken in drawing audit samples for purposes of tests of compliance

To test compliance, we follow the AICPA's *Audit Sampling Considerations of Uniform Grant Guidance Compliance Audits*. We will select an appropriate sample size based on our professional judgment and knowledge. Any deviations from control and compliance requirements will be documented.

SECTION VII – IDENTIFICATION OF ANTICIPATED POTENTIAL AUDIT PROBLEMS

While we do not expect any problems with the audit, we will carefully investigate and monitor the following relevant accounting issues:

- Investments:
 - Compliance with GASB 31 and GASB 34
 - Authorization and approval process for City investments
 - Controls to assure City's compliance with investment limitations and types of specific investments
 - Monitoring by the City of its investments
- Financial Reporting:
 - CAFR compliance with current reporting and disclosure requirements issued by GASB
 - CAFR eligibility for financial reporting conformance awards issued by GFOA
 - Compliance with the various GASBs in effect, especially the implementation of GASB 68 and 71 related to pension accounting
 - Compliance with infrastructure obligations and regulatory provisions
- Internal Control Structure:
 - City's internal control functions and compliance with proper internal control philosophies
 - Computer-system processes and controls, and adequacy of the control environment

Over the period of the engagement, several new GASB pronouncements will become effective. The Engagement Team will pay specific attention to the following new and upcoming pronouncements, and any others that become effective during the proposal period, in order to determine proper implementation procedures:

- GASB 72 – *Fair Value Measurement and Application*
- GASB 73 – *Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68*
- GASB 74 – *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*
- GASB 75 – *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*
- GASB 76 – *The Hierarchy of Generally Accepted Account Principles for State and Local Governments*
- GASB 77 – *Tax Abatement Disclosures*
- GASB 78 – *Pensions Provided through Certain Multiple-Employer Defined Benefit Pension Plans*
- GASB 79 – *Certain External Investment Pools and Pool Participants*
- GASB 80 – *Blending Requirements for Certain Component Units—an amendment of GASB Statement 14*

Discussion of Relevant Accounting Issues

Over the period of the engagement, several new GASB pronouncements will become effective. The Engagement Team will pay specific attention to the following new and upcoming pronouncements, and any others that become effective during the proposal period, in order to determine proper implementation procedures. Based on our understanding through our study of the City's financials, we have determined the following GASB pronouncements may have some impact to the City's financial statements:

- GASB 72 – *Fair Value Measurement and Application*
- GASB 75 – *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*
- GASB 77 – *Tax Abatement Disclosures*
- GASB 79 – *Certain External Investment Pools and Pool Participants*

GASB Statement No. 72, *Fair Value Measurement and Application*, addresses accounting and financial reporting issues related to fair value measurements. To determine a fair value measurement, a government should consider the unit of account of the asset or liability. The unit of account refers to the level at which an asset or a liability is aggregated or disaggregated for measurement, recognition, or disclosure purposes as provided by the accounting standards. This Statement requires a government to use valuation techniques that are appropriate under the circumstances and for which sufficient data are available to measure fair value. The techniques should be consistent with one or more of the following approaches: the market approach, the cost approach, or the income approach. The market approach uses prices and other relevant information generated by market transactions involving identical or comparable assets, liabilities, or a group of assets and liabilities. The cost approach reflects the amount that would be required to replace the present service capacity of an asset. The income approach converts future amounts (such as cash flows or income and expenses) to a single current (discounted) amount. Valuation techniques should be applied consistently, though a change may be appropriate in certain circumstances. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. This Statement establishes a hierarchy of inputs to valuation techniques used to measure fair value. That hierarchy has three levels. Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities. Level 2 inputs are inputs—other than quoted prices—included within Level 1 that are observable for the asset or liability, either directly or indirectly. Finally, Level 3 inputs are unobservable inputs, such as management's assumption of the default rate among underlying mortgages of a mortgage-backed security.

GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, replace the requirements of GASB Statements No. 45 and 57. This Statement establishes standards for recognizing and measuring liabilities, deferred outflows of resources, deferred inflows of resources, and expense/expenditures. For defined benefit OPEB, this Statement identifies the methods and assumptions that are required to be used to project benefit payments, discount projected benefit payments to their actuarial present value, and attribute that present value to periods of employee service. Note disclosure and required supplementary information requirements about defined benefit OPEB also are addressed. In addition, this Statement details the recognition and disclosure requirements for employers with payables to defined benefit OPEB plans that are administered through trusts that meet the specified criteria and for employers whose employees are provided with defined contribution OPEB. This Statement also addresses certain circumstances in which a nonemployer entity provides financial support for OPEB of employees of another entity.

GASB Statement No. 77, *Tax Abatement Disclosures*, requires disclosure of tax abatement information about (1) a reporting government's own tax abatement agreements and (2) those that are entered into by other governments and that reduce the reporting government's tax revenues. This Statement requires governments that enter into tax abatement agreements to disclose the following information about the agreements:

- Brief descriptive information, such as the tax being abated, the authority under which tax abatements are provided, eligibility criteria, the mechanism by which taxes are abated, provisions for recapturing abated taxes, and the types of commitments made by tax abatement recipients
- The gross dollar amount of taxes abated during the period
- Commitments made by a government, other than to abate taxes, as part of a tax abatement agreement.

GASB Statement No. 79, *Certain External Investment Pools and Pool Participants*, establishes additional note disclosure requirements for qualifying external investment pools that measure all of their investments at amortized cost for financial reporting purposes and for governments that participate in those pools. Those disclosures for both the qualifying external investment pools and their participants include information about any limitations or restrictions on participant withdrawals.

The Firm believes the following pronouncement has minimal impact to the City's financial statements:

- GASB 73 – *Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68*
- GASB 74 – *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*
- GASB 76 – *The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments*
- GASB 78 – *Pensions Provided through Certain Multiple-Employer Defined Benefit Pension Plans*
- GASB 80 – *Blending Requirements for Certain Component Units—an amendment of GASB Statement 14*

STAFF REPORT

TO: Honorable Chairman and Board Members

FROM: Paul J. Philips, Executive Director

STAFF: Susan Paragas, City Controller

DATE: June 8, 2016

SUBJECT: Consideration to Approve and Adopt the Civic-Recreational-Industrial Authority's ("CRIA") FY 2016-17 Proposed Budget.

Background:

On April 4, 2016, the Financial Services Department introduced the new FY 2016-17 (FY 17) Budget Process to all Citywide staff. The new FY 17 Budget Process entailed: a new "Zero-Based Budget" budget policy, which aligns actual costs to its true City operations; completion of formal budget forms; and undertaking a collaborative, Citywide approach in which all departments were responsible for submitting their budget requests. Other affiliated entities, such as the Expo Center, also participated and submitted their budget requests to the City.

In May 2016, final budgetary reviews were completed by Finance, Director of Development Services & Administration, and the City Manager in order to present the FY 2016-17 (FY 17) Proposed Budget for consideration to adopt for all City entities, including the Civic Recreational-Industrial Agency's ("CRIA"), on June 8th and June 9, 2016.

Overview of FY 2017 Proposed City Operating Budget

The FY 2016-17 Proposed Budget is a balanced budget and reflects the City's commitment to: our residents, fiscal and administrative reform efforts, continued fiscal stability, improving quality of life through support of surrounding communities, and improving fiscal

transparency. The FY 17 Proposed Citywide Budget (All Funds) totals \$259.7 million, with a \$40.3 million budget in its General Fund. Proposed Revenues total \$226.5 million in all its City funds, and \$50.1 million in its General Fund.

An overview of the major city budgets are listed below.

Chart 1 – Figures in Millions				
	FY 13/14 Actuals	FY 14/15 Actuals	FY 15/16 Adopted	FY 16/17 Proposed
General Fund	\$35.7	\$45.5	\$34.3	\$40.3
CIP Program	6.9	6.8	37.0	33.4
Debt Services	90.0	119.9	81.2	174.6
Other Funds	5.6	6.3	11.7	11.4
Totals	\$138.2	\$178.5	\$164.2	\$259.7

In FY 17, the General Fund budget will increase by \$6.1 million (17.7%) to \$40.3 million. The City’s operating budget is fully supported by on-going revenues. The City utilizes its reserves to supports its CIP Program, in which \$33.4 million will be allocated to CIPs. The City’s reserves also supports other City funds that have operating deficits and does provide annual subsidies to its CRIA Fund.

CRIA FY 17 Proposed Budget

The CRIA Board Administration Budget (Fund 360) is the governing authority that approves and manages the Expo Center’s budgets. The CRIA Administration Fund is an internal services City fund that is 100% subsidized by the City.

CRIA Expo Center (Fund 361) is operated by CNC Equestrian and the City partially subsidizes its operations. The Expo Center generates its own revenues from its facility rentals, programs and events it offers to the community. Annually, the Expo Center will request a subsidy for any projected deficit for its operations, which is included as part of the FY 17 Proposed City Budget taking place on June 9, 2016. Below is a summary of the FY 17 Proposed CRIA Budget.

	FY 16/17 Revenues	FY 16/17 Expenditures	Surplus / (Deficit)
	A	B	A - B
CRIA Admin – 360	\$ -	\$572,385	(\$572,385)
Expo Center - 361	1,563,370	2,069,030	(505,660)
Totals:	\$1,563,370	\$2,641,415	(\$1,078,045)

In FY 17, the CRIA Administration Budget will be \$0.6 million. The Expo Center Proposed FY 17 Budget will total \$1.6 million in revenues and \$2.1 million in operations, with a projected City subsidy of \$0.5 million. In total, the City’s FY 17 Proposed subsidy to CRIA Administration and Expo Center costs is \$1.1 million.

Recommendation

Staff is recommending the CRIA Board to adopt the attached resolution approving the FY 17 Proposed CRIA Administration and CRIA Expo Center budgets. In addition, and contingent upon City Council approval on June 9, 2016, staff is recommending the CRIA Board to approve the City's FY 17 subsidy of \$1.1 million for CRIA Administration and the Expo Center.
